SUBJECT: Condition Assessment Information System (CAIS) Version 3.7 Release

Today, Monday, October 3, 2016, version 3.7 of the Condition Assessment Information System (CAIS) was released. The URL to access the CAIS application is <https://cais.doe.gov>. This release addresses the following enhancements.

- The **CAIS to FIMS Upload** has been disabled for the FIMS FY16 year-end processing. The Upload will be enabled after the FY16 year-end snapshot has been completed.
- Report 006, **Project Detail Report**, has been updated with the new Project data fields from the previous release.
- The Real Property Asset Management (RPAM) Order reference has been updated to RPAM 430.1C.
- The CAIS Main Menu has been reorganized in preparation for upcoming additions to CAIS.
 - The **CAIS to FIMS Upload** is now available from the **Administration** menu.
 - The **Projects** module is now available from the **Tools** menu.
- The CAIS User's Guide has been updated to reflect these enhancements. This document can be obtained from the CAIS Informational website (<https://cais.doe.gov/caisinfo/sofdoc.htm>).

If you have any questions related to these enhancements, please email fims_cais_help@hq.doe.gov or call the Hotline at 301-337-6019.
